## **1. BACKGROUND AND PROBLEM STATEMENT**

This July 5<sup>th</sup>, Yofochm in conjunction with Family radio 105.3 fm, together with a few selected churches, schools, mentors from USA in addition to mentorship skills training to be provided to teens, shall carryout workshops on different topics like, leadership, career guidance, public speaking, life skills on Camera and Radio, hand & technical training skills.

Lack of earlier mentorship for our children cause hate, corruption, selfishness and high rates of crime world. Additionally, teens in schools leave their respective homes with challenges that have neither been solved by neither teachers nor parents hence creating a need by our young and Christian professionals to reshape and nurture them for a better future.

YOFOCHM has organized a love mentorship program for the future leaders (Teens; ages 13 -19 years), who for a long time have been a target of all the evil we see today. This program will restore and ignite the charity discipline, encourage and affirm success into their lives

### **1.1 JUSTIFICATION FOR THE INTERVENTION**

The teens in schools are becoming so wild today; morals disappearing fast, with the world giving them so much to take i.e. homosexuality. With such the background, Yofochm intervention is justifiable. The 'love a teen mentorship program' that falls under our Moral renewal outreach organized in partnership with schools and corporate companies shall improve on the behaviors & revive important Christian values among our young people. We shall also guide them through their career & share values on their roles in society for a better future.
